## MATERIAL SAFETY DATA SHEET

Date Issued: 19 October 2010

Product name **Mirror – Gas Pipe Thread Sealant**

**NOT CLASSIFIED AS HAZARDOUS ACCORDING TO  
CRITERIA OF WORKSAFE AUSTRALIA**

UN number: none allocated

DG class: none allocated

Packing group: none allocated

Hazchem code: none allocated

Poisons schedule: not scheduled

Product use: This **HEAVY DUTY NON HARDENING THREAD SEALANT** meets the requirements of AS 4623-2008 for use with a Class 1: gas appliance and operating pressures of up to 20 kPa. The sealant inhibits the rusting and seizing of the joints.

Non toxic & non poisonous

### PHYSICAL DATA

Appearance: Tan coloured thick paste

Melting point: not applicable

Boiling point: not available

Specific gravity: approx 1.6

Flash point: not applicable

Flamm. Limit LEL: not applicable

Explosive data: not applicable

### OTHER PROPERTIES

This is a linseed oil and mineral filler paste with additives of natural greases, wax & an anti oxidant.

Form: Thick paste

Decomposition value: not available

Molecular weight: not applicable

VOCs -Volatile Component: 27 gm/litre (calculation value derived from product formula)

## MSDS - Mirror – Gas Pipe Thread Sealant

### HEALTH HAZARD INFORMATION

#### HEALTH EFFECTS

**Acute-Swallowed:** No adverse effects expected due to swallowing of small amounts incidental to industrial handling. However it is good work practice to avoid ingestion of product.

**Acute-Eye:** May cause slight eye irritation.

**Acute-Skin:** Contact with skin will result in mild irritation. Repeated or prolonged skin contact may lead to irritation.

**Acute-Inhaled:** No adverse effects anticipated by this route of exposure. However it is good work practise to avoid prolonged inhalation of the vapours which may cause slight irritation of nose and respiratory tract.

**Chronic:** No information available on this product.

#### FIRST AID

**Swallowed:** If swallowed, rinse mouth thoroughly with water.  
Give water , induce vomiting. Seek medical advice

#### EYE

If in eyes wash with flowing water for at least 15 minutes. Seek medical attention if effects persist.

**Skin:** Wash effected areas with copious quantities of water.

**Inhaled:** If effects occur remove to fresh air. Seek medical attention

#### ADVICE TO DOCTOR

No specific antidote. Supportive care. Treat symptomatically.

#### PRECAUTIONS FOR USE

Exposure limits: none established

Eng. Controls: use in well ventilated area

Other info: nil

#### PERSONEL PROTECTION

**Protective equipment:** Avoid skin and eye contact

Wear clean body- covering clothing. Use gloves that provide a water barrier and wear Safety glasses. Wash hands thoroughly before eating or drinking.
